Materials

Deformed mirror with charred wood elements. Bronze details

Price

€ 15.000,00 (VAT not included)

Abstract

Camerlengo is a mirror capable of reflecting lights and images of another era.

Made of precious fragments, reconstructed in an object of exceptional flare. An image of a time that gathers all those past.

It's almost impossible to reflect one's entire self. When one sees one's own face, one realises that that isn't our image but part of our psyche.
